VOL. LX: No. 11 — REDWOOD CITY, CALIFORNIA SATURDAY, JUNE 12, 1920 — ESTABLISHED 1859

The matter of opening bids for the construction of a sewer on Heller street to connect with the Pratt-Lowe cannery was the first to be considered six sets of bids were offered; one in which the contractor was to furnish all material, and the other was for the city to furnish the necessary pipe.

The Pratt-Lowe company expect to start their cannery about July 15 and will then need the sewer.

COUNTY BOARD IN REGULAR SESSION

The board of supervisors met in regular session Monday June 7, 1920, at 10 a. m. there being present, Chairman John McHatt, presiding; T. L. Hickey, Mrs. Rosalie M. Brown, and Dr. C. V. Thompson. Absent, Supervisor Jos. S. Francis.

County Hospital Commissioner H. E. Woodworth submitted his report for the month of May, 1920, showing the following inspections during the period:

Number of plants, trees and shrubs inspected, 7,871.

Number of plants condemned and destroyed or shipped out of state 0.

Number of shipments inspected under state Quarantine Law, 32.

Number fo visits made for help and assistance in spraying, etc., 54.

Number of visits and inspectfons in interest of rodent control, 49.

The report of Miss Anna Bell Bailey, county librarian, for the month of May, 1920, was received and ordered filed.

Attorney J. J. Bullock of Redwood City appeared before the board and presented a petition signed by Daniel Saur and twenty-nine other persons, asking for the opening of a proposed new road in the Granada district, which would make an extension of Alhambra avenue, a total distance of 700 feet.

Attorney Bullock explained to the board that the petitioners desired the road opened so as to permit them to get to and from the State Highway

Daniel Saur was sworn and testified that he had circulated the above petition and that the signatures thereon were boni fide.

The petition was received and filed and the fololwing persons appointed as overseers to make a survey of the new road:

County Surveyor George Kneese, Geo. Croydon and Dr. C. L. Morgan.

Attorney Hall C. Ross appeared before the board in the matter of the petition that had been presented at a previous meeting, asking for the abandonment of a portion of Ubas street in the Homestead district, Second township, the hearing of which matter was on for this day.

W. G. Deveraux, one of the signers of the above petition, was sworn and testified that he had circulated the petition and that the signatures thereon were all genuine. Deveraux explained that the part of the street asked to be closed lay between First and Second avenues, that he owned all the property facing on the east side of the thoroughfare and Captain Barneson all the property facing on the west side. The street is practically never used, he claimed, and all the people in the district are agreeable to its closing.

On motion of Mrs. Brown, seconded by Hickey, the petition was granted and the portion of the street as above stated, was ordered abandoned.

The board canvassed the returns of the election held in the Second district on May 20, 1920, to form a lighting district to be known as the Homestead Lighting district. The returns showed that the election carried by a vote of 50 for the proposition to none against.

A resolution prepared by Attorney J. J. Bullock and ordering the formation of the district was adopted, on motion of Thompson, seconded by Hickey.

On motion of Mrs. Brown, seconded by Thompson, Mrs. Nash, the clerk was directed to advertise for bids for furnishing electricity for the above newly formed district.

Sam Guttman of San Francisco, on recommendation of District Attorney Swart, was granted a permit to peddle junk in the county.

A. E. Ver Linder of Colma, appeared before the board and asked for a permit to keep a small number of hogs on his place, which he said was situated about 2000 feet from San Pedro boulevard. He explained that he desired the permit for one of his sons who had just returned from the service.

Judge John Davis of San Bruno addressed the board in the above matter and stated that he had been retained by the Colma Improvement Association to appear before the supervisors in protest against the granting of any more permits for hog ranches in Colma. He said that the place is about ready to incorporate and that the health conditions there are extremely bad on account of the existence of the hog ranches.

Following a strong plea by Ver Linder that he be given the permit, it was ordered, on motion of Hickey, seconded by Thompson, that a committee of three be appointed to investigate the hog situation in Colma.

Judge Davis, in behalf of the Colma Improvement Club, took up with the board at this time the matter of opening up the foot of Market street in the above place by constructing a tunnel under the Southern Pacific right-of-way. Judge Davis explained that the money required for financing the project would be raised through the formation of an assessment district as was done in the case of Lomita Park some fe wyears ago. He asked that the county engineer be instructed to draw plans and specificaions for the proposed work.

Judge Davis was directed to submit the proposition to the board in writing.

A report was received and read from the jury on awards for the new county hospital plans, stating that they had selected plans marked No. 2, and had awarded plans marked No. 3 second prize and plan marked No. 1 third prize. The jury recommended that the author of plans No. 2 be required to redesign his plans in co-operation with an experienced hospital expert to be later appointed by the board.

The report of the jury was accepted on motion of Hickey, seconded by Thompson.

A petition signed by C. A. Elgin and thirty others of Colma, asking for the installation of an additional electric light at the corner of Market and Taylor streets in Colma was received and was referred to Supervisor Hickey.

The California Redwood Park Commission addressed a communitcation to the board relative to protecting the Park against fire and asking for a copy of San Mateo county's fire ordinance. Mrs. Nash, the clerk, was directed to furnish the commission with a copy.

AGANIST ANNEXATION

There was a splendid response to the notices esnt out last week by the San Mateo County Preservation League to various sections of the county calling for a mass meeting of the citizens to be held in the supervisors' chambers in the court house on Saturday afternoon. The chambers were crowded (by taxpayers from Halfmoon Bay, Daly City, Burlingame, San Bruno, Menlo Park and other sections at that time. It was the consensus of opinion by all present that the annexing of San Mateo county to San Francisco would result in no good to the peninsula but would be fraught with many difficulties and dangers and as a result the county would suffer.

A. H. Redington, the Hillsboro attorney, was the first speaker.

Among the other speakers were S. D. Merk, Horace Amphlett, Samuel Knight, John MacBain, Judge Cunningham, F. L. Ekswand, Mr. Caldwell and Carl K. Mabie.

The new deal means the transfer from San Francisco to Redwood City of Varney's principal interests. Varney plans opening one of the most modern aviation schools in the West. The school will be conducted on an army basis. Varney has secured the services of a staff of competent instructors. At this school solo, dual, acrobatic and night flying will be taught.

As Redwood City will probably be the terminus of the transcontinental aerial mail, and with the activities now in operation there, this point is destined to become the aerial hub of the Pacific coast.

The eyes of the country are now riveted on the Republican convention at Chicago.

Balloting for the candidate may not commence until Saturday. Until then no comments can be made.

The platform adopted yesterday meets with the approval of the country. It is a masterpiece.

The keynote speech of Senator Lodge of Massachusetts was an eloquent and able partisan appeal for better government and a complete indictment of the democratic party. His attack on the president was a digest of all that has been said in the way of criticism.

The president's Mexican policy was criticised as follows:

From domestic affairs, which I have only touched upon briefly, let us turn to foreign questions, to our relations with the world of other nations. Look first at one of the most pressing importance just beyond our own borders. Look at Mexico. For seven years the United States has been pursuing, under the direction of the President, a policy of "watchful waiting." The President saw fit to intervene in Mexico. As a matter of fact, he made war upon Mexico, for in the taking of Vera Cruz we lost some 120 men in killed and wounded and several hundred unregarded, incidental Mexicans were also either wounded or killed in the conflict.

The Senator had this to say about profiteering:

Profiteering, the charging of extortionate and unjustified prices, which is stupid as well as unlawful, are subject now to ample punitive laws. Those laws should be enforced, others if necessary added and the offenders both great and small should be pursued and punished, not in the headlines of newspapers after the manner of the present Attorney General but quietly, thoroughly and efficiently, in the courts of the United States.

Another deep seated cause of the rise in prices, more effective in its results, although less obvious than profiteering, is the abnormal increase per capita of the circulating medium. This has doubled since the war began. It should be one of the first acts of Congress to deal with this essential point and it would have a marked effect in reducing prices by steadying them and bringing them down to a lower and more normal level.

The noted address was closed as follows:

Let us also in the battle we are to wage make no promises which cannot be performed. Let us not imitate the democrats, who pledged themselves to reduce the cost living by lowering the tariff they well know—for even they have known—that their pledge impossible of fulfillment, the high cost of living could not feeled in that way, and ever since then has proved the of their position. Let us not pr any millenniums or pledge our to the performance of impossib Let us simply lay it before the our principles and policies, which are at once vigorous and ideal, and then pledge to carry policies into effect.

THE GREAT CONVENTION AT CHICAGO THIS WEEK

The eyes of the country are now riveted on the Republican convention at Chicago.

Balloting for the candidate may not commence until Saturday. Until then on comments can be made.

The platform adopted yesterday meets with the approval of the country. It is a master-piece.

The keynote speech of Senator Lodge of Massachussets was an eloquent and able patriotic appeal for better government and a complete indictment of the democratic party. His attack on the president was a digest of all that has been said in the way of criticism.

The president's Mexican policy was criticised as follows:

From dimestic affairs, which I have only touched upon briefly, let us turn to foreign questions, to our relations with the world of other nations. Look first at one of the most pressing importance just beyond our own borders. Look at Mexico. For seven years the United States has been pursuing, under the direction of the President, a policy of "watchful waiting." The President saw fit to intervene in Mexico. As a matter of fact, he made war puon Mexico, for in the taking of Vera Cruz we lost some 120 men in killed and wounded and several hundred unregarded, incidental Mexicans were also either wounded or killed in the conflict.

The Senator had this to say about profiteering:

Profiteering, the charging of extortionate and unjustified prices, which is stupid as well as unlawful, are subject now to ample punitive laws. Those laws should be enforced, others if necessary added and the offenders both great and small should be pursued and punished, not in the headlines of newspapers after the manner of the present Attorney General, but quietly, thoroughly and efficiently, in the courts of the United States.

Another deep seated cause of the rise in prices, more effective in its results, although less obvious than profiteering, is the abnormal increase per capita of the circulating medium. This has doubled since the war began. It should be one of the first acts of Congress to deal with this essential point and it would have a marked effect in reducing prices by steadying them and bringing them down to a lower and more normal level.

The noted address was closed as follows:

Let us also in the battle we are to wage make no promises which cannot be performed. Let us not imitate the democrats, who pledged themselves to reduce the cost of living by lowering the tariff when they well knew—for even they must have known—that their pledge was impossible of fuffillment, that the high cost of living could not be affected in that way, and every day since then has proved the falsity of their position. Let us not promise any millenniums or pledge our faith to the performance of impossibilities. Let us simply lay it before the people our principles and policies, policies which are at once vigorous and practical, and then pledge to carry these policies into effect

THE GIANT BEAST WOULD DEVOUR US

"Eternal Vigilance is the price of liberty," so is vigilance the price which the people of San Mateo county will have to pay if they want to keep the county from being devoured by San Francisco.

Our neighbor on the north has a longing eye on the peninsula, she wants to expand and grow at the cost of the loss of the county to the inhabitants thereof. It therefore becomes the duty of the citizens of this section to be on the alert always watching every move of the enemy who will leave nothing undone to capture this choice locality.

That the people are fully alive to the issue and the danger in which they are situated it may be recited that the mass meeting called for last Saturday to protest against annexation was well attended by the citiezns of the county who came from every section to register their abjections to the proposed scheme of annexation. Vigorous speeches were made by prominent men Solid facts and convincing arguments were made to show the fallacy of annexation.

With such vigilance in the part of San Mateo county's citizenry there is no danger of our county being stolen by San Francisco.

SAMUEL M. SHORTRIDGE WORKING FOR NOMINATION

Samuel M. Shortridge, the candidate for the Republican nomination for the United States Senate, has begun his active work in earnest. He has established his headquarters at Los Angeles in the Douglass building. He has also secured headquarters on Market street, San Francisco. Mr. Shortridge is to make a vigorous campaign.

Everywhere in the state he is receiving encouragement from his admirers.

Samuel M. Shirtridge ran away with a straw ballot taken on board the Johnson special, Chicago bound, last Wednesday. Sample ballots were prepared with the names of the four candidates and every voter was told the voting was to be secret. The voter marked his ballot, folded it and dropped it in a hat. Three newspaper men, representing the three largest dailies of the state, conducted the poll and made guarantees on its accuracy and honesty.

The counting was done publicly, just as in the ordinary polling booth. Here is the result: Shortridge, 63; Kent, 19; Wallace, 6; Meserve, 5; Flint, 11; Clark, 1.

The significant feature of the poll was that a majority of the delegates and Johnson friends on board refused to vote for the two southern candidates, Wallace and Meserve. Rather than vote for the two southern candidates the southern delegates cast ballots for former Senator Frank P. Flint, who is on board as chairman of the Johnson delegation, and Judge Robert M. Clark, one of the alternates on board.

As no one on board was given a warning when the poll was to be taken, the delegates were given no chance to confer, and the result may be taken as a striking illustration of how the Johnson leaders in California look upon the Senatorial fight.

Opinion on the train is almost unanimous that Shortridge will win the Republican nomination next August, even in quarters antagonistis to him.

—is the very best equipment that a good cook can have because it responds so readily to the exacting requirements of every cooking process.

Just the right temperature is always attainable on a gas range. The whole range of temperature, from high to low, is ready at the turn of a valve.

GOOD COOKS who want to become BETTER COOKS are invited to come in and look over our stock of modern gas ranges. If we havn't the range you want we shall be glad to get it for you.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Miss Margaret Roche is confined to her home with an illness that will prevent her from teaching any more this term. Her place as vice-principal of the Redwood City school is being filled by her sister, Mrs. John Briggs.

Miss Ethel McEvoy, some time ago announced her intention of severing her connection with the school department of Redwood City to take a year's vacation, has decided to accept a position in the Oakland school department. She will be the physical culture teacher.

The Menlo Park branch of the Seventh Avenue Riding school of San Francisco will open on June 7 in the Pioneer Stables on Oak Grove avenue, near the highway. Trained and gentle horses will be on hand for ladies, gentlemen and children. Experienced riding masters are employed to teach.

Mrs. L. H. Barney has returned to her home in Atherton after spending the winter and spring at Palo Alto.

To show that some one is profiteering in the sale of shoes an instance may be recited that occurred here this week. A certain local resident went to the city to purchase a special make of shoes. She was told that the price was $15 but that the size wanted was not in stock but would be sent for to the factory. The lady left her address. The footwear was sent direct to her from the factory. With the shoes was a bill to the San Francisco firm for $5. Some profit. This kind of profiteering should be stopped.

Samuel M. Shortridge and his young son, John, departed for Los Angeles on Wednesday to be gone for several days. While in the south Mr. Shortridge will look out for his political fences. He has a big following in the southern counties and is to receive big support there. His son, Samuel, left last week for a tour of the state in a Ford automobile canvassing for his father. Young Shortridge will carry on a publicity campaign in every county.

Bishop Parsons confirmed a large class in Trinity Episcopal church last Sunday. Menlo Park was the bishop's first charge after his ordination in the east 24 years ago. In his sermon at the confirmation he feelingly referred to these days of long ago. Those confirmed were: Elizabeth Heuston, Douglass Lewis, Masten Spencer, Boyd Weir, Miss Judson, Miss Morrack, Miss Chaquette.

Mrs. Fife and the Shortridges are occupying their new home at Atherton. Dr. Shortridge is one of the best known physicians in San Francisco. He always spends his summers here.

The dance to take place under the auspices of Menlo Parlor, N. S. G. W. on June 17 is to be well attended. The committee in charge are making every effort to make the affair successful. The proceeds will be given the baseball team of the parlor. Dancing will continue until 1 a. m.

Mrs. B. M. Breeden and family were visitors to Menlo Park last Wednesday. Allan Breeden graduated recently from a private school in San Francisco and is preparing to enter St. Ignatius University next semester.

T. W. Keough and A. S. Whiting, proprietors of the Club Garage and Machine Shop on the highway near the San Francisquito bridge, are doing a splendid business. They employ expert machanics for their general repair work. The big building they are occupying is owned by John Beltramo.

The William Warren school closed last Friday with appropriate exercises for a fifteen-week vacation. A dance was given at Palo Alto the evening before in honor of the senior class. It was an enjoyable affair. The school will shortly establish a summer camp in the Santa Cruz mountains where all the students will be welcomed. Many of the graduates of the institution are to enter Stanford next Semester. The Warren school is the best preparatory institution for boys in the state.

Although McCutcheon pitched good baseball for the Palo Alto Native Sons' nine Monday afternoon in their contest with the Menlo Park Native Sons, inability of his teammates to get behind him, resulted in a 17 to 7 route for the Palo Alto bunch of diamond cavorters. Hara, occupying the mound for the Menlo boys, was touched up for eleven hits, but the Palo Alto team failed to hit at opportune moments. The game was played on the Community Center diamond.

The score by innings:

MENLO PARK	221	413	202	—17

PALO ALTO	001	501	000	— 7

Thursday morning in the Church of the Nativity George B. Walsh the insurance broker and young son of Mr. and Mrs. Martin Walsh was united in marriage to Miss Myrle M. Herrgath of San Francisco, Father W. P. Sullivan officiating. Miss Margaret Walsh sister of the groom acted as bride's maid while Leslie Murray was the groom's attendant. After the impressive ceremony the bridal party motored to Redwood City where the wedding breakfast wa senjoyed in the Sequoia grill. The bride is an unusually pretty and charming young woman. She is a former resident of Menlo Park but for some time has made her home in San Francisco. Mr. and Mrs. Walsh after a few days spent in the south will be at home to their friends at their pretty cottage on Railroad avenue recently constructed by Mr. Walsh. Their many friends wish the young couple every success in life.

Mrs. Cora Parker has returned from a delightful trip to Lake Tahoe. There was an abundance of snow on the mountains when she left the lakes.

Mr. Moore, of the shipbuilding concern of Moore and Scott, who purchased the Dorn place recently, has begun to wreck all the buildings on the property. They are to be replaced by structures costing $50,000. Work on the new residence is to begin at once. Mr. Moore is a multi-millionaire.

Mrs. Charles N. Felton, who has purchased a home in Redlands and passed the winter there, will remain in the southern city throughout the summer, coming north only for a brief visit toward the close of the autumn. The Felton home here is not kept up. The beautiful lawns, once the pride of Senator C. N. Felton, have been permitted to wither and dry up. The shrubbery in uncared. It is understood that all the Felton property located in Menlo Park is for sale.
